History: This message has been forwarded.

Dear JT (and Dear Tom who reads us in copy),  
finally after a year of stress I have slept a full weekend (YEAAAAHHHH)

I wanted to let you know the schedule of how to proceed for the next days.

First step: Condensation of digital data for not distracting precise analysis.

At the end I will send you a excel file with all electrical and thermal data of the system throughout the period test.

This step will keep me busy until approximately the first week of March 2016.

Then I will work on my official report to bring to light all the flaws and functional deficiencies of the system in order to have sufficient information to replicate a system with lower costs and with greater reliability.

In that report, the plant stop periods (total or partial) will be also mentioned and the reasons therefor.

This phase will use my time to the end of March 2016.

At the same time I believe it is appropriate to clarify if you are interested in the continuation of our counseling relationship maybe exchanging a draft of a contract renewal.

I am convinced that we will be able to find a point of mutual interest and useful to meet together the future development of the project.

Best regards.

M.Eng. Fulvio Fabiani

Dear JT (and Tom in CC),

I am collecting the raw data you requested me and I will provide asap to send them to you.

In the meantime, please be informed that my invoice in March has not been processed and I did not receive any payment.

As per your proposal to talk sometime about the prolongement of the Agreement between the two of us and to continue on a monthly basis, I am not fully convinced that I would be able to perform my job in the best way I can do - which is the only way I can work.

Therefore, I would kindly ask you to consider the possibility to agree a time limited agreement that would make me comfortable in performing my activities in the interest of your company.

Thank you. Best regards,

Fulvio Fabiani

Fulvio,

I understand from Barry that you are in Canada. I have your check in hand for delivery. I am more than happy to meet you somewhere and give you the check and you can give me the final report and the IH raw data. Just to make sure we are sync'ed up: You committed to delivering a final report from your efforts at the plan at the end of March-2016. You made that commitment when we met we met in March. In addition you said you would provide us with the raw data that belongs to IH. Furthermore, you indicated that you had measurements from the flow meter that you had taken from time to time.

Several weeks ago you agreed to give me the final report and the raw data once JT or Tom approved. We both received approval from JT.

I would like to give you this check as soon as possible. I am happy to fly to Miami to give you the check and to catch up on outstanding issues.

Note that it is unnecessary to use Barry as a go between. I have sent you text messages and emails. Feel free to reply.

Please advise.

Joe.

Fulvio:

I still have the check made out to US Quantum Leap. If you have the raw data and your final report, I am happy to meet with you somewhere to exchange the check for the data and final report. Or if you would prefer, you can send me the data and final report, and I will that same day FedEx to you the check at whatever address you provide. But I need the data and final report in order to release the check.

Thanks,

Joe .
